## SUMMARY

Result-oriented frontend developer with 2 years of experience developing and maintaining frontend web application using React.js and Next.js  Skilled at collaborating with Backend, UX and design teams to plan and execute functional specifications for websites. Demonstrated ability to thrive within team environments, leveraging a profound enthusiasm for constructing responsive web applications that prioritize seamless functionality, captivating user interfaces, and intuitive navigation.

## EXPERIENCE

### Frontend developer
Codeboulevard Systems
01/2023 - Present

- Collaborated closely with backend developers to integrate frontend components with the server-side logic, ensuring seamless data flow and synchronization between the client and server.
- Actively participated in code reviews and provided constructive feedback to team members, fostering a culture of collaboration and continuous improvement.
- Implemented the frontend architecture using Next.js, ensuring a smooth and intuitive user experience across various devices.
- Worked closely with UI/UX designers to translate wireframes and mockups into interactive frontend components, adhering to design guidelines and best practices.
- Conducted thorough unit testing using jest and react testing library.
- Actively participated in sprint planning meetings and daily stand-ups.

### Frontend developer(Intern)
TIIDELab
04/2022 - 12/2022

Altru-Fund - A crowd funding platform

- Successfully implemented the frontend architecture using HTML5, CSS3, JavaScript and React.js.
- CRUD operation implementation.
- Scheduled and define timelines for tasks during development sprints.

## EDUCATION

### Electrical and Electronic Engineering
Federal University of Technology Minna, Niger State - B.Eng.
11/2015 - 08/2021

## CERTIFICATES

### Volunteering Service Honors Award
TIIDELab

### Proficiency in Frontend Development
TIIDELab
12/2022 -
